

Dear Board Members;

Please find enclosed for your perusal three separate levy proposals taking into consideration some of the board's comments.

First though, I would like to try to explain again why it is so important in my opinion, Assessor Krey opinion (who will be enclosing a separate letter to you all.) that we keep levy flat for the final year we are allowed to do.

1. Our reserves are right where they should be and I think Claire would agree that using reserves as an operating fund which is what may have to occur if levy lowered, is not sound fiscal practice.
2. I am sure you all saw that Park Ridge is lowering their levy but you cannot compare a municipality who gets sales tax revenue to a township. Apples and oranges. Park Ridge also has numerous debt service funds and TIFs and mortgages. When they lower a levy taxpayer sees a possible reduction in property tax since PR gets sales tax and one of the major TIFs is past the 20 year limit so now the TIF frozen taxes are released to be used by municipality. We have none of that.
3. Keeping it flat for last allowable year allows the township to capture any new business construction costs. Flat guarantees that Clerk office will fund with 3% and possibly more (depending on new business construction).
4. It makes no sense to not seek that amount as lowering levy does NOT correspondingly lower a resident's property tax portion of Maine Township.
5. In actuality all the people who successfully contest their property tax will come directly out of whatever we receive which is conceivably a lot. I received yesterday a large pile of tax appeals awaiting Board of Review. If Township lowers levy, Clerk takes them at their word and not only will successful appeals lower that amount further but that figure will then be our starting point next November and the Board will need to raise the levy by a higher amount than if kept flat. If kept flat, next year, simply adding an additional 500.00 is sufficient to not have to go out for referendum and be in compliance with Truth in Taxation. If levy lowered, that is not a guarantee.
6. Mt. Prospect & Wheeling both had to raise taxes significantly this year because they cut their levies too much in previous years without an assessment of need to do so. So now their respective communities are very upset. We have a large amount of fiscal uncertainty in coming year due to the following reasons;

7. Health care costs for employees. This is the last year that we may be allowed to stay in grandfathered plan. Last year increase was only 4.8%. I spoke to our insurance rep and this year everyone is expecting large increases due to the changes in ACA and uncertainty. We will not know until well after levy is passed. Typically, Catherine finds out an approximation of increase in late February and gets actual numbers right before or sometimes after we must pass budget. Health care renewal is on a different calendar than Fiscal year. Renews in July. So, if we go up say 18%, we need to fund that line item.
8. Capital outlay- our building is old and is on historical registry so next year it badly needs entire outside painted and some masonry cracks and foundation repaired. Same with parking lot. We did somewhat of a quick fix this year because to truly get rid of cracks requires sanding down deep and pouring a new lot. This year we basically caulked and painted lot.
9. Hiring new auditor/accountant. We have put out an RFP and will be starting interviews in January. Claire has been an enormous help in this endeavor. These are just some of the things -if levy is cut, I think it can hurt residents we serve more if fees need to be increased. You all did great with agency funding and I think our community will be very happy. But with the specter of Springfield re-introducing the property tax freeze bill, if that were to pass, we would be frozen at lower amount and eventually even dipping into reserves may well need to make program cuts etc.
10. So, Dayna & I prepared for your perusal three different levy scenarios. The first is keeping it flat but reducing the GA amounts to bring them in line with what some of you were mentioning at Board meeting. (Please note there are actually two copies of same-I included the worksheet copy so you can see what was done.) By law, GA must be funded with at least .10%. So, we do have room to lower as you will see admin costs (because I did save township quite a lot by reducing mailings and other efficiencies, particularly the office wide quarterly ordering of office supplies. Also, please note, that even if GA lowered and they suddenly opened a lot of new direct shelter cases, Town fund can always transfer to GA. However, GA cannot transfer any extra or reserves to Town fund. So, take a look at the flat levy proposal where we cut GA and used realistic past numbers and put that difference into Township items that are projected to need it. To me, this is best one as it takes into account some of your concerns yet still allows Township to capture the 3% and/or any additional from new business construction. Also,

it would not raise anyone's tax bill. (I would ask you all to please bring your last property tax bill to board meeting just to show what Township portion is. (1.4)

11. The next levy enclosed is with a 5% reduction but taking it mostly from GA, and putting the money into Town fund for same reasons as above.
12. The third levy is the estimated one you voted on at last board meeting which cuts 5% equally across all funds which really does not make sense to do in my opinion.

In closing, I sincerely hope you all can look at these and understand that essentially what may seem like a "win" for the residents we serve if you reduce a quarter million dollars (5%) is not ultimately a win for our residents and come next November may put Board in a precarious position. As always, if you have any questions I am available Friday at Township and anytime over the weekend and Monday at Township.

Thank you all for your great work in agency funding.

Fellow Board Members:

Here is some information that you might find helpful concerning The Illinois Property Tax Appeal Board (PTAB).

The property used as an example has filed an appeal before PTAB. Filing an appeal for a reduction of \$169,957 for taxes from the year 2014.

If appeal does go through the petitioner be awarded approximately \$56,675.

I do not have the date when this will come up for the appeal, only when it was filed. I do not have a total of appeals filed before the board. I know there are many.

We will not know the outcome of many ongoing appeals with PTAB until after Levy established. The concern here is how this would affect us with incoming property taxes.

Regards,

Susan M Krey

Dear Sir or Madam:

35 ILCS 200/16-180 (Sec. 16-180) of the Illinois Property Tax Code provides, in part, that where a taxpayer files an appeal before the Illinois Property Tax Appeal Board (PTAB):

"...A copy of the appellant's petition shall be mailed by the clerk of the Property Tax Appeal Board to the board of review or board of appeals whose decision is being appealed. In all cases where a change in assessed valuation of \$100,000 or more is sought, the board of review or board of appeals shall serve a copy of the petition on all taxing districts as shown on the last available tax bill..."

The Board of Review of Cook County is in receipt of a petition appealing its decision with respect to the above-captioned property which seeks a change in assessed valuation of 100,000 or more. Pursuant to the statute, this notice is hereby provided to you and a copy of said petition follows.

Yours very truly,
