Overview

At Avantara Park Ridge, we've taken every aspect of the post-hospital rehabilitation experience and completely redesigned and reimagined it.

We offer a warm, upscale setting that combines all the stylish amenities of a boutique hotel, including large, graciously appointed rooms, relaxing and inviting common areas, and a superior level of service and personal attention. But, more importantly, Avantara Park Ridge is a truly state-of-the-art healthcare facility offering the most advanced post-hospital rehabilitation and care available, in a therapeutic environment designed to help you recover your strength and regain your independence.

Additional Information

AN UNCOMPROMISING COMMITMENT TO QUALITY CARE

Recovering from surgery or a serious illness after a hospital stay often requires more time and specialized care before you can return home. Quite often, additional help with pain management, and close monitoring of complex chronic conditions may also be required. At Avantara Park Ridge, we are proud to provide the post-hospital care and therapy our guests need to regain their strength, improve their mobility and transition their way back to independent living.

Avantara Park Ridge offers a level of advanced clinical sophistication and personalized attention that is rarely possible in other settings. Our round-the-clock, physician-supervised care allows us to meet the individual needs of every guest including those with chronic conditions that can complicate their recovery.

Our world-class expertise extends across a broad range of patient needs, including:

Advanced stroke and other neurological conditions

Cardiac care

Oncology care

Orthopedic care

Post-surgical recovery of all kinds

Pulmonary care

Specialized wound care
